# WTCL(C) SERIES - PREMIUM WATERTIGHT WELL CAPS & ACCESSORIES

#### **APPLICATIONS:**

- For capping 10", 12", and 14" domestic or industrial wells to ensure vermin proof/watertight sealing to well casing.
- Provides easy access to well without interfering with seal to casing, or conduit and wiring.
- Stop tab allows for easy and accurate positioning of lower assembly.

#### **FEATURES:**

- Locking feature provides a secure/tamper proof design. padlock NOT included.
- Large dome vent cap with 24 mesh S.S. screen provided as standard.
- Easily converts to 100% water proof design by replacing the vent with a plug.
- Two lockable accessory ports.
- Durable blue powder coat paint, baked to ensure superior quality finish.
- Caps are supplied with a grounding terminal and the metal cap is bonded to the steel casing with 3 set screws.
- Personalization (optional) is available by means of an engraved aluminum plate, affixed by drive rivets.

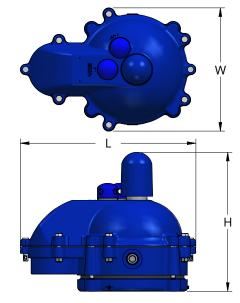

### **SPECIFICATIONS:**

- 4" FPT conduit connection provides lots of room for the installation of heavy gauge submersible pump cables.
- Two 1" FPT ports are provided for field installation of accessories.
- Thick heavy duty Styrene-butadiene rubber (SBR) gaskets.
- All hardware is Stainless Steel for maximum corrosion resistance (No Plated Fasteners).

#### **CERTIFICATIONS:**

- ASSE Standard #1093-2019, WSC Standard PAS-97 (2019) Performance Requirements for Pitless Adapters, Pitless Units, and well caps
  - ☐ Section 3.5 Tamper Resistance for Sanitary Well Caps
  - ☐ Section 3.6 Venting for Sanitary Well Caps
  - ☐ Section 3.7 Water-Resistant Capability for Sanitary Well Caps

WTCL-CA40-2010	3.95	1791.69			

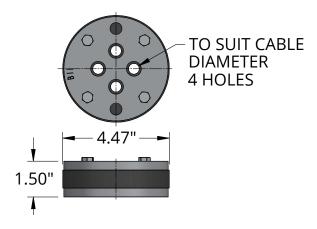

#### **CABLE SEAL ASSEMBLY**

- Provides watertight/vermin proof barrier between conduit piping and well chamber of the well cap.
- Plates and hardware are Stainless Steel for maximum corrosion resisitance.
- Styrene-butadiene rubber (SBR) gasket.
- Four 1/4"-20 UNC x 1-1/2" long SS Hex Head Cap Screws.

#### **LOCKING PIN FOR ACCESSORY PORTS**

- For accessory ports on the 10", 12", or 14" WTCL-C series well caps.
- A padlock up to a maximum of 5/16" shank diameter will fit through pin hole.

Made of 304 Stainless Steel.

PREMIUM WATERTIGHT WELL CAP REPLACEMENT PARTS: (SOLD SEPARATELY)

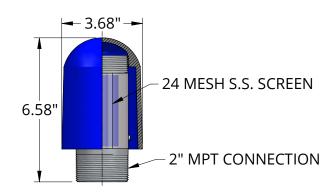

#### **VENT CAP**

- Features a 24 mesh stainless steel screen.
- 2" MPT thread.
- SS Cotter key to lock vent in place included.
- Blue powder coat paint applied for durability.
- Made of cast iron.
